Journal of Physics D

Applied Physics

This is to certify that the article

"Achieving high mobility ZnO : Al at very high growth rates by dc filtered cathodic arc deposition"

by R J Mendelsberg *et al*

has been selected by the Editors of *Journal of Physics D: Applied Physics* for inclusion in the exclusive '2011 Highlights' collection.

Articles in this collection have been selected based on the high praise received from referees, presentation of outstanding research and popularity with our online readership.
